From our contractors...

"I can choose to work the time I want. It's flexible which I like, and the customers are also flexible, If I can't make a service or if the customer is not available, we make a time that is right for both parties.'

'I like working as a contractor for Country Home Services because they are always very helpful. I find them very approachable if I have any questions about my clients. Enjoy the work and being able to choose my working hours.'

"It gives the elderly services that assist and support them, enabling them to remain in their own homes longer. I enjoy the people contact, the characters you meet, and the sharing of a laugh or two. It is not just work for me, it is the care factor and I enjoy helping good people in need.'

"Every day is a bit different; you meet new people and have the opportunity to support people in their own homes. As some clients don't see many people, it's nice to support them and help our community."
